

# SECURECLAIM

Connecting Providers to their patients... Anytime... Anywhere.

SecureClaim is a full featured practice management solution that seamlessly integrates with both clearinghouse and electronic health record solutions to bring unparalleled simplification and efficiency to the practice.

SecureClaim supports multiple specialty types including medical, dental, allied health and ambulance. SecureClaim supports billing for professional, dental, and institutional claims.

## FASTER PAYMENTS AND REIMBURSEMENTS

SecureClaim allows you to send and collect payments electronically, cutting down on processing times

## KEEP RECORDS UPDATES & ACCESSIBLE

SecureClaim makes it easy to update your records, as you gather and update patient data through an integrated system. When you need to look into the status of a patient's bills or insurance claims, it's easy to run a simple search and open a document. Our solution provides the ability to run reports, helping you to review your financial records, upcoming appointment calendar, and more.

## AUTOMATION

SecureClaim can help your office run more smoothly and cut down the time doctors and other clinical staff spend completing paperwork and gathering patient data. This allows clinicians to spend more time on patients — resulting in improved patient outcomes.

- **Charge Master** - Set up your charge master. SecureClaim supports billing from a charge master or from a payer specific fee schedule.
- **Payer Fee Schedule** - Load your payer fee schedules. SecureClaim has a robust contract compliance solution to insure you are getting paid correctly.
- **Patient Registration** - Register your patients. SecureClaim simplifies the task of registering patients and managing their insurance coverage information.
- **Eligibility** - SecureClaim includes a full featured clearinghouse solution to seamlessly check eligibility any time in the revenue cycle process. Eligibility history is saved to simplify retroactive billing tasks. Eligibility is integrated into the scheduling solution to reduce administrative tasks at the point of service.
- **Super Bill** - SecureClaim provides electronic super bills that can be customized to the provider needs improves billing productivity. If you use an integrated electronic health record, the encounter is integrated into the coding process.
- **Coding** - SecureClaim insures you are billing from the most current libraries of procedure, modifier, and diagnosis codes. In addition to an ICD-9 to ICD-10 lookup solution, SecureClaim provides real time "clean claim" edits including payer specific clinical edits and an LCD procedure – diagnosis rules engine to insure a high first pass payment rate.
- **Denial Follow Up** - Based on criteria that you create; zero payment remittance advices are routed to a denial follow up work cue. SecureClaim provides a library of payer specific appeal forms to simplify the follow up process and help you recover more money.
