
HITRUST Risk-based, 2-year (r2) Certification Press Release

FOR IMMEDIATE RELEASE

Inmediata Health Group Achieves HITRUST Risk-based, 2-year Certification Demonstrating the Highest Level of Information Protection Assurance:

HITRUST Risk-based, 2-year (r2) Certification validates Inmediata Health Group is committed to strong cybersecurity and meeting key regulations to protect sensitive data

San Juan, PR, August 24, 2023 – Inmediata Health Group, a leading provider of development of profitable processes that help companies with innovative platforms for health information. Inmediata is Services You Trust for Health. With over 20 years as the market leader. Inmediata has become the trusted resource for physicians, hospitals, labs, medical schools, and payers (health insurance companies) because we believe in what they do and we are with them every step of the way! Inmediata, today announced that our in-scope technology systems been certified by HITRUST for information security.

HITRUST Risk-based, 2-year (r2) Certified status demonstrates that the organization’s in-scope technology systems met demanding regulatory compliance and industry-defined requirements and are appropriately managing risk. This achievement places Inmediata in an elite group of organizations worldwide that have earned this certification. By including federal and state regulations, standards, and frameworks, and incorporating a risk-based approach, the HITRUST Assurance Program helps organizations address security and data protection challenges through a comprehensive and flexible framework of prescriptive and scalable security controls.

“Organizations like ours are continually under pressure to address current and emerging threats and meet complex compliance, information protection, and privacy requirements,” said Severiano Lopez CEO and Founder at Inmediata Health Group. “We are pleased to demonstrate to our customers the highest standards for data protection and information security by achieving the rigorous HITRUST Risk-based, 2-year Certification.”

“The HITRUST Assurance Program is rigorous and reliable because of the comprehensiveness of control requirements, depth of review, and consistency of oversight,” said Bimal Sheth, Executive Vice President, Standards Development & Assurance Operations, HITRUST. “HITRUST Risk-based, 2-year (r2) Certification demonstrates Inmediata is taking the most proactive approach to cybersecurity, data protection, and risk management.”
